Find my phone

How can I find my phone?

Please don't worry, there is a way that might help you track your vivo phone:

1. Go to <https://www.google.com/android/find> and sign in to your Google Account.
2. If you have more than one device, click

3. The device gets a notification.

4. On the map, see about where the device is.

a. The location is approximate and might not be accurate.

b. If your device can't be found, you'll see its **last known location**, if available.

5. Pick what you want to do. If needed, first click **Enable lock & erase**.

a. Play sound

Rings your device at full volume for 5 minutes, even if it's set to silent or vibrate.

b. Lock

Locks your device with your PIN, pattern, or

1. 16 2. 1. 3. 4.

device to you, you can add a message or phone number to the lock screen.

c. Erase

Permanently deletes all data on your device (but might not delete SD cards). After you erase, Find My Device won't work on the device.

Important: If you find your device after erasing, you'll likely need your Google Account password to use it again. [Learn about device protection.](#)

Note: There are several conditions that need to be fulfilled before locating your phone:

1. Your phone is powered **on**;

3. Your **Google account** is logged in;
4. Your phone is connected to the **Internet**;
5. **Find My Device** is activated in
Settings(>More settings)>(**Security &
Privacy**>More security
settings)**Security**>Device Manager(Device
administrators).
